REMEMBERS COUNTY INMATES

D. A. R. Delivers Annual Treat
Wednesday and Turkey Will Be
Served Tomorrow.

Christmas will be celebrated in Rushville tomorrow—a celebration in its greatest meaning. The holiday which has been prevalent here for the past ten days will end tonight and then will come the lull and the enjoyment of the greatest holiday on the calendar.

In many homes where the wolf whines at the door for admittance, there will be cheer and gladness, brought through the generous contributions and delivered by the Salvation Army and Daily Republican fund.

And in many homes where the wolf would not think even of running through the back yard, there will be cheer. People have long been anticipating the coming of this Christmas, as many of the family members will gather, after being absent from each other for months. Besides it is the first real Christmas after the strenuous pangs of war.

Last Christmas people were more oppressed financially but now the merchants have reported good sales and everybody has appeared to be making great preparations for the annual event.

The unfortunate people at the county poor house will be remembered tomorrow, and a big turkey dinner with all of the side dishes and trimmings will be served by Mr. and Mrs. Humes. The jail is empty at this Christmas, which is an unusual thing.

The D. A. R. gave their annual treat to the inmates of the county infirmary yesterday. Twenty-seven bags were given, one for each inmate. Each gift consisted of candy and fruit. The committee including Mrs. Sarah Guffin, Mrs. Fannie Amos and Mrs. Horatio Havens, delivered the bags.

Rushville will take her Christmas in much the same way she has taken it before. About the offices in the court house will be closed and practically every business house will remain closed, or be open for a short period in the morning only.

However, there will be no holiday

COAL TRIBUNAL TO MEET NEXT MONDAY

Delay in Naming Commission Said
to Have Been Due to Controversy Over Number

OPERATORS FAVORED 7 MEN

(By United Press.)

Washington, Dec. 24.—A meeting of President Wilson's coal tribunal named to investigate all angles of the coal controversy has been called for next Monday if arrangements can be made for the presence of all three members, it was announced at the White House today.

The meeting will be a preliminary one as it is not expected real work will begin until the new year.

Delay in naming the three members was caused by the debate on the number to compose the commission, it was learned today. Bituminous coal operators thought the commission should be made up of seven men, consisting of five public representatives. After a long conference Attorney General Palmer and Secretary Tumulty and Director General Hines resolved to adhere to the plan for three members.

BAN ON ARMS IS TIGHTENED

Lansing Orders Licenses to Ship to Mexico Cancelled Jan. 1

(By United Press.)

Washington, Dec. 24.—The ban on the shipment of arms and ammunition to Mexico was tightened today by an order of Secretary of State Lansing.

All outstanding and unused licenses prior to September 30, 1919 under which some war material could be sent to Mexico, were ordered revoked, effective January 1, 1920. No specific reason was given for the action which was taken under the war trade board act.

UNION TP. GOES "OVER THE TOP"

First Township Organization That
Raises Its Quota of \$217 in
Guarantee Fund Campaign

25 NEW MEMBERS ADDED.

Union Farmers Held Rousing Meeting Last Night and Plan House to House Canvas.

The Union township farmers held one of the best meetings that has ever been held by the various township organizations, and before the meeting had come to a close, the township "went over the top" in the campaign drive for its part of the quota, raising in a few moments the sum of \$217.

The membership in Union township, was 70 at the beginning of the meeting, last night, and 25 more joined the association at the meeting. It was by far the most rousing meeting held by any of the township organizations.

Howard Eubank, Fred Bell and M. R. Detrick all delivered short talks about the newly organized association, and at the same time appealed for new members, who responded nobly.

The meeting last night was held in the school house at Gings, and cigars and apples were given to those present, and a fine social gathering was also enjoyed.

Fred Bell, stated that it would be a good time to start in on raising the township's quota in the guarantee fund, which was allotted to them at \$217. It was then suggested that nothing should be started unless completed, and subscriptions were taken in rapid order, and the township in a few minutes time, "went over the top".

P. S. Daubenspeck lead the list with \$25 and the following gave \$10: Fred Bell, Homer Nash, William McMillin, Harry McMillin, A. C. Sharp and Mort Hinchman. The remainder of the money was given in \$5.00 subscriptions.

It was also decided to make the township 100 percent in membership and a house canvas was suggested. The township was divided into four parts, with the road east and west through Gings as one of the dividing lines. The four corners were then placed in charge of leaders: north-east section to Emory Vaplevan, southeast part to P. S. Daubenspeck, northwest to George Billings and southwest to Allen Blackledge. The next meeting of this township will be held in Glenwood, on January 13 in the hall. At this time the report of the membership drive will be given and a good result of the house to house canvass is expected.

Farmers all over the county were highly elated today over the result of the meeting last night, and similar meetings will no doubt be held in other townships, which will try to out rival Union, which so far holds a record for such a rousing meeting, and especially the way they "went over the top" in the guarantee fund drive.

Merry Christmas

WHETHER it be prattled on baby's lips that scarce can shape the words, or saying them, thinks not, but only feels the insensate overflow of giving from a soft, full heart—

Although it be mumbled inarticulately by the shabby nonentity whose whine for charity one acknowledges in the spirit of the season, even while knowing that the words be said in servile mockery—

If it be breathed by mother mouth, the sad, sweet lines of which were molded so by a yearning, prodigal tenderness and an unfaltering devotion, be its object worthy or not—

Whether it be panted from between the warm, moist lips of maidenhood—tremulous, palpitant, shame-faced and shy because of an ardor which it dreads to comprehend—

Although it be uttered by maid, matron or man, friend, chance acquaintance, tradesman or servant—

Merry Christmas to you
and to yours

RECESS HALTS PLANS IN FACT COMPROMISE BELIEVED GERMANY WILL SIGN TREATY

Hitchcock Expects Republican Reservationists to Force Lodge To Agree on One

THEY WILL TAKE INITIATIVE

(By United Press.)

Washington, Dec. 24.—Progress toward a treaty compromise in the senate halted today when the senators hurried home for Christmas.

Negotiations will be resumed next week.

Senator Hitchcock today said he expects republican reservationists to force Senator Lodge to accept a compromise which then will be submitted to the democratic senators.

Hitchcock's view is that the republicans will take the initiative so that they will not be in the position of accepting democratic proposals which would give the democrats a chance to claim victory.

Rough Sledding For Santa
Washington, Dec. 24.—Santa Claus will have to take the runners off his sleighs tonight before he can settle down to work. At least he will in the east and south according to weather bureau officials here today.

The prediction was that there will be snow in the west and northwest sections of the country, but in the east and south it will be unsettled.

NO PAPER THURSDAY
Following the customary policy of observing Christmas day as a holiday, the Daily Republican will not be published Thursday.

BELIEVED GERMANY WILL SIGN TREATY

Entente's Answer to Recent Note Required Unconditional Signing of Protocol.

RUPTURE AT FIRST FEARED

(By United Press.)

Berlin, Dec. 24.—The entente's answer to the recent German note required unconditional signing of the protocol, it was understood today.

The discussion of the quality of marine material Germany is required to deliver as compensation for the sinking of the Scapa Flow fleet was left for later consideration, it was understood today. Germany will sign, it was generally believed.

The general feeling prevailed that a rupture in negotiations had occurred but the newspapers later notified the people that the German representatives still remained in Paris.

Some Doubt Still Exists.

Paris, Dec. 24.—Considerable doubt still exists here today on the attitude of the German delegates toward the allies last note demanding that Germany accept the protocol.

Byron Von Lerner, head of the German delegation, announced that he would have to return to Berlin to consult with the government when the note was first handed him. Later he said he would remain in Paris.

Von Lerner previously had said he had full power to act for his government, and the announcement of his return to Berlin came as a thunderbolt to Paris when it was first announced in the newspapers.

CHRISTMAS PROGRAM

The United Brethren Sunday school will give a Christmas program at the corner of Seventh and Arthur Street Christmas night at 7:30 o'clock. Everyone is cordially invited to attend.

POSTPONED UNTIL APRIL 1

Believed Railroads Will Not Be Returned Before That Date.

(By United Press.)

Washington, Dec. 24.—Return of the railroads to their owners had been postponed by President Wilson until April 1, it was generally believed here today. It seems virtually certain the lines could not be handed back January 1, as the president had intended to do.

Congress has passed no legislation to regulate the lines, it was announced. In addition, the president is believed to have abandoned the plan for returning the roads until the present situation clears up, it was announced.

Total \$495.44

The business of spreading the Christmas cheer, which the generosity of Rushville and Rush county people made possible, occupied the attention of the managers of the Daily Republican-Salvation Army Christmas fund.

A few late givers swelled the fund to within \$3.47 of \$500, which completely filled the blank check handed to the people of the community less than a month ago. They were asked to write in the sum that they wished to be spent on the poor and unfortunate of the city, and the total above discloses how abundantly they did it.

The kettle was expected to yield more than enough to lay to put the total above the \$500 mark. Captain Tench of the Salvation Army reported this morning that the expenditures had been \$475, which means that there will probably be a small balance, which will be turned over to the Salvation Army for winter relief work.

Thirty-five baskets of food, each of which will supply an ample Christmas dinner for a large family, were delivered this morning to families which are in need. The baskets contained a liberal amount of potatoes, a chicken, coffee, butter, sugar, canned and fresh fruit.

The little folks spent an hour with Santa Claus this afternoon and received their gifts from his hands at the entertainment in the court house assembly room. It was estimated that approximately three hundred children were made happy by their visit to the Christmas tree shrine.

The principal number on the program was a Christmas play, "Santa Claus and His Helpers," given by the pupils of the first grade at the Graham Annex building, under the direction of Miss Ethel Flint. The Rev. G. F. Sheldon of the First Presbyterian church read a passage of scripture and the Rev. L. E. Brown of the Main Street Christian church delivered the prayer. Mrs. Carl F. Deher sang, "Under the Stars" and instrumental music was provided by the orchestra of the First Presbyterian Sunday school. Following a short address by Captain Tench, the gifts were distributed.

Machines for delivering the baskets this morning were provided by the Rev. Mr. Brown and Mr. Sheldon, Ralph Payne and Joe Clark.

UNITED STATES TO CELEBRATE XMAS

Every Nook and Corner Awaits The Coming of Santa Claus and Day of Feast is Proclaimed

PRESIDENT TO EAT TURKEY.

Big Cities Remember the Poor and Share Their Joys With Presents And Community Trees

Washington, D. C. Dec. 24.—Candy, cigarettes, cigars, nuts and fruits held sway as Christmas celebration materials today as never before.

This was ascribed by government officials and "experts" as due to failure of "wet" forces to revive John Barleycorn, who, it had been fervently hoped, would be able to take his old time part in Yuletide festivities.

Despite the fact that the public is putting all its spare coin in unnecessary luxuries, it has not forgot the unfortunates. In this city there is more than ever being done for the poor, especially for the children. That this is true in most other cities is upheld by the statement from the dead letter office of the post-office, that fewer letters have been received for Santa Claus this year from the poor children.

With the country's executives, this Christmas will be more of a celebration than for some years, although a number of the cabinet members will stay in Washington to take care of press of duties.

At the White House, a more cheerful Christmas is expected than Thanksgiving was. The president will be more able to eat his turkey, it is believed, and South Trimble, clerk of the House of Representatives followed his custom of years and sent a bumper turkey to the president from his Southern farm.

Secretary Daniels will stay in Washington and make a big time of the return of his sons, the first in two years.

Secretary of the Treasury Glass likely will spend the holiday at his home in Lynchburg, Va.

WANTS DIVORCE CASE SENT OUT OF COUNTY

Samuel Buckner Files New Case For Divorce and Petitions For a Change of Venue

REFUSED DIVORCE LATELY

Samuel Buckner, custodian of the court house, has again entered a suit for divorce from Leola Buckner, a suit filed in the clerk's office this morning. The suit was accompanied by a motion asking that he be granted a change of venue from the county. It will be recalled that about two weeks ago, he was refused a divorce by Judge Sparks, when Mrs. Buckner appeared against him in the case.

The complaint as filed this morning is almost identical to the one filed before, and the same allegations are made, stating that his wife had accused him without reason or cause, of undue intimacy with other women. Both of the parties are well known colored people. No action will be taken on the change of venue until the court reconvenes next week.

A case which has been on file here for over two years involving a note, in which judgment was asked for \$875 was dismissed this morning by the plaintiff. It was the case of John E. Patton against Cyrus E. Theall and had never been up for trial. Both the complaint and cross complaint were dismissed and the costs paid.

Could Hardly Hold Up Head

Mrs. Brown Had To Stay In Bed Much Of Her Time—Is Recovering By Tonic

"I am the happiest woman in Galesburg," and I make no secret about what Tonic has done for me for I want the whole world to know about it," said Mrs. C. S. Brown, who lives at 913 Kellogg St., Galesburg, Ill., a few days ago.

"I had given up all hope of ever being well another day in my life," continued Mrs. Brown, "and just to think, here I am today as strong and healthy as I have ever been before. Only my neighbors know what the last three years have meant to me, for since my health broke down I have suffered what I believe no other woman ever went through and still came out alive. I was almost a complete nervous and physical wreck and had to spend much of my time in bed, and was so extremely nervous that I couldn't stand for even my own little children to be around my bed or in the same room where I was. I had headaches constantly and it looked like they would almost drive me wild, and my nerves were on edge so badly that it seemed the harder I tried to sleep the more wakeful I felt and many times I lay awake most all night long. I had indigestion so bad that I hadn't been able to properly digest a meal for the past two years and just about every time I took gave me terrible cramping pains and when gas began to form I was simply in torment. I reached my lowest point last winter when I had the 'flu' and I hardly see how I pulled through it, and for months after I got up so weak I could hardly hold my head up and when I would start to walk across the floor I had to steady myself with a chair to keep from falling to the floor. I was in a pitiful condition, just about as bad off as a person ever gets, and my husband had to take care of the children besides do all the housework.

"I'll never forget the first bottle of Tonic I bought, why, it actually helped me so much that my husband said he could almost see me getting better. That gave me more encouragement than I had ever had and I kept right on taking Tonic, and now it has taken nine bottles to give me back my health, but I never felt any better or stronger in my whole life than I do now. I never had a better appetite, never had more sound, restful sleep, and my nerves were never in better condition. What I eat digests perfectly, and I don't have any more headaches. I can hardly realize the change that has come over me and I wish I could tell every person in the whole world about it. Tonic has been the most wonderful thing to me in my whole life, and there is nothing this world could offer that I would take for what this medicine has done for me."

Tonic is sold in Rushville by F. B. Johnson & Co., in Milroy by Dal-Inlow, and Arlington by Mrs. L. T. Las Copper; in Manila by Geo. J. Davis.—(Adv.)

UNITED STATES TO CELEBRATE XMAS

Continued from Page One
Because of the serious illness of his wife, Secretary of Labor Wilson will spend a quiet day at his home in Washington, instead of returning to visit his people in Pennsylvania.

The post-office department has been ready for a long time, with an augmented corps of carriers and clerks to take care of what was the largest Christmas mail rush in years.

Turkey for Chicago Poor.

Chicago, Ill., Dec. 24—Rich and poor will join in the greatest yuletide celebration in the history of the Windy City.

Those who could not afford a turkey dinner for satisfactory substitute were given one by one of the many charitable organizations. Christmas trees with gifts for the children hanging on them were in all community houses of the city. Sixty thousand poor people will be fed and given gifts, according to the United Charities here.

"Preparedness—the lesson the United States learned during the world war—is the motto of all Chicago," assistant superintendent Amelia Sears said. "Chicago prepared weeks in advance to make this Christmas what it is—the greatest Chicago ever had." Realty, railroad, and bank magnates along with several judges held meetings several weeks in advance to make the day a success.

Big Xmas Trade in Portland

Portland, Ore., Dec. 24—Business men of Portland agreed their Christmas trade was the greatest in

EXTRAVAGANCE IN YULETIDE SPIRIT

Dealers Report the Heaviest Buying Season on Record—People Buy More Presents.

DEALERS SELL OUT STOCKS

New York, Dec. 24—And now comes the reconstruction Christmas. There's little old-fashioned about this after-the-war Yuletide, unless it's the date and gift-giving observance.

Because of the war, the high cost of living, prohibition, or just natural shortage, these are things many Americans are doing without this Christmas: Toms and Jerrys, Egg-nogs, Plum-puddings with brandy sauce, Real mince meat with a "kick," Fifty-cent a pound turkey meat, the old fashioned Christmas tree, and sugar.

But what's lacking will be made up in presents. Dealers have reported the heaviest buying season on record. Extravagance predominates, they said. People are buying more presents or of greater value this season. Sales today surpassed those of last year by thousands of dollars. Many dealers have been sold out in their toy departments for a week. Jewelers reported three weeks before the holiday season it was necessary for them to fly in a new stock.

history, variously estimating the increase at from 20 to 35 percent over last season, the previous banner year.

Business generally was marked by the buying of "sensible things" rather than luxuries. The increased trade is accredited to a continuation of war prosperity.

War Toys a Big Seller

St. Louis, Dec. 24—The war is going to last a long, long time, if sales in department store toylands are any indication.

You could buy anything from an explosiveless hand grenade to the 1918 war fronts of France, this year—and the war stock is the biggest seller of years, department managers here report.

The whole war is going to be reproduced in thousands of American homes during the coming year of peace. And a lot of this American victory is going to be reproduced with German made toys.

America and American buyers have lifted the embargo on Deutchland's toy products. Those who retain their prejudices found the "Made in Germany" variety the only available purchases in many cases. The recent New York printers strike curtailed the output of games and story books, local dealers said. Some stores to-day reported their stocks of all toys entirely gone.

Big Civic Xmas Tree

San Francisco, Cal., Dec. 24—The Christmas season here was marked with a curious mixture of riotous spending and strictest economy. Merchants said people bought luxuries of the most expensive sort. Furs, silks, jewelry and other luxurious gifts went at a far better rate than the less expensive articles.

With a continuation of the shipyard troubles, however, thousands of workmen were forced to cut down on the purchase of toys they wished to buy the kiddies.

The city's celebration revolved about a giant Christmas tree in the civic center.

and in the old eastern home. They dined beneath southern skies, many eating in the open for the novelty of the thing. Imperial Valley strawberries, not long from the vine, graced many a table beside the steaming Christmas pudding. Outdoor Christmas trees were to be held in a half dozen towns and at the tourist hotels tennis and golf, instead of skates and skis, were the popular sports of the day.

Can Catarrh Be Cured?

Does it Cause Tuberculosis, Influenza to be Contracted?

Free Examination and Lecture by Satarrh Specialist.

The medical director of the Indiana Catarrh Institute, 1436 North Illinois St., Indianapolis, Ind., is going to be in this city for one day. He will give privately, a free examination and consultation to everybody that goes to see him, as well as a very interesting and instructive lecture on just what catarrh is, what it will do to a person afflicted with it and give proof that catarrh has been cured and is now being cured every day, right in this city.

This expert specialist has spent seventeen years in the special study and treatment of chronic catarrh, has seen thousands of cases and positively pays no attention to any other disease than catarrh. He is at the head of a large institution in Indianapolis, which is devoted exclusively to the treatment of this one disease. He has an entirely new and different system of successfully treating this disease, which he will be glad to demonstrate to all who call on him.

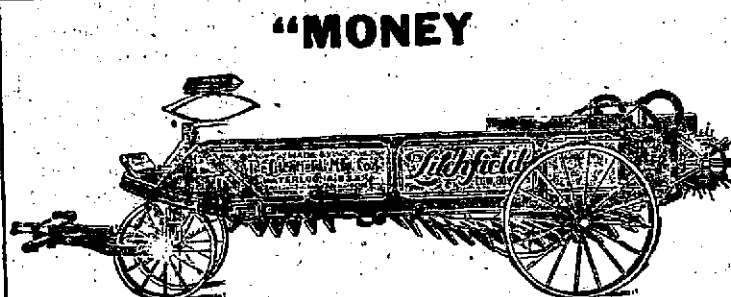

This pleasant and successful system can be used at home, at a very small expense, without loss of time or inconvenience. It works successfully on the worst old cases of catarrh of the nose, throat and bronchial tubes, chronic cough and bronchitis, dropping mucus in the throat, pains in the chest, shortness of breath, clogged up head and nose, head noises and catarrhal deafness, hawking and spitting, frequent severe colds, Asthma, hay fever, chronic catarrh of the stomach and bowels and all old "run down" condition due to catarrh.

Chronic catarrh is often the forerunner of Tuberculosis, Influenza, Pneumonia and other fatal diseases.

Stop wasting time and money on sprays, douches, salves, appliances and the methods of ordinary doctors. Go and consult a real specialist on this disease. It does not put you under obligation in any way. He is glad to advise you freely.

He will be at the Hotel Seelman on Wednesday, December 31st, from 9 a. m. to 8 p. m. and every twenty-eight days thereafter.

If it is impossible for you to call on him in person, you should write to find out all about this new system that is curing people. Just address a card or letter to The Indiana Catarrh Institute, 1436 North Illinois St., Indianapolis, Ind. (Adv.)

"MONEY MAKES THE MARE GO"

It takes oil to make the machinery go—right. It takes oil to make machinery last. Many a good machine has never been recognized simply because of a poor oiling system. Drop in and see the "Rushville Special" Spreader and let me show you what elaborate effort and tireless energy have been absorbed in making this machine almost fool proof when it comes to oiling.

Efforts have been made to produce bearings that would not require oil, but without entire success. The railroad companies in building their freight and passenger cars, and the Litchfield Mfg. Co. in building the "Rushville Special" Spreader have come about as near it as seems possible. The main bearings of my spreader carry an oil chamber on the under side, packed with waste which feeds the oil against the axle like a wick feeds kerosene to the blaze in a lamp. The weight and all the main driving power in a spreader must be sustained by the main rear bearings, and this oiling is most important. These bearings are known as self-oiling bearings.

The "Rushville Special" Spreader is equipped with hard oil cups at all lubricating points, except these self-oiling bearings. Each oiling arrangement is so devised that it will stand much abuse and mis-use, and cold weather. Of course, this machine needs oil, but not an EXPERT to apply it.

Buy this machine now. Don't starve your land for the sake of an uncertain, possible saving in some other manner. It doesn't pay. The "Rushville Special" Spreader will make its cost back for you while you are "looking around." Come in and let me prove it.

Peace Conference Reverses Its Action of Pacific Possessions at Request of Japan

TO DIVIDE SOUTHEAST AFRICA

(By United Press)
Paris, Dec. 24.—The peace conference today took up the complete project for arranging mandatories over some former German colonies. The plan will divide Germany's former holdings in Southeast Africa.

At the request of Japanese delegates, the conference reversed action on former German holdings in the Pacific.

Other mandatories have not yet been considered.

The conference was advised today that only Germany's naval mission returned to Berlin to discuss the latest allied note demanding that Germany sign the protocol.

The remainder of the German delegates remained at Paris, it was stated. The conference has taken no action on the publication of the last note to Germany.

Miss Holden has been taking a nurses training course in the Presbyterian hospital in New York and will be graduated next May. It is her first visit home for three years.

More Than 200 Philadelphia Factories Take Last Half Hour Off

XMAS CAROLS SENT TO THEM

Philadelphia, Dec. 24.—An old tradition was given a new setting today when more than 200 factories in this city and vicinity devoted the last half hour of the day to the singing of Christmas carols.

The appeal for such a festival was made by the War Camp Community Service that the occasion might be one of general jollification for all employees to imbue them with the true Christmas spirit.

The plan was originated by James Cornwell, community sing leader, and the camp community service has sent song books containing the more popular carols to hundreds of firms who welcome the idea.

MERRY CHRISTMAS

When you hear the joy bells ring,
Prance around like everything,
Put the lid on tears and sadness.
Christmas thaws the hearts of men,
Makes the old boys young again,
Fills the dismal world with gladness.

WALT MASON.

Is There a Santa Claus

One of the finest things ever written about Christmas was the editorial printed 20 years ago by the New York Sun in answer to the earnest appeal of a little New York girl to be told whether Santa Claus really exists. Its author, Frank P. Church, was an accomplished journalist and wrote much on many subjects, but his fame will rest chiefly on this beautiful setting forth of an eternal truth. With Dr. Clement Clarke Moore's "A Visit From St. Nicholas", it is one of the great classics of the Christmas season.

The answer to the eternal question as printed in the Sun follows:

"We take pleasure in answering at once, and thus prominently, the communication below, expressing at the same time our great gratification that its faithful author is numbered among the friends of the Sun."

"Dear Editor—I am eight years old. Some of my little friends say there is no Santa Claus. Papa says: If you see it in the Sun it's so. Please tell me the truth; is there a Santa Claus?"

"VIRGINIA O'HANLON,
"115 West Ninety-first Street."

"Virginia, your little friends are wrong. They have been affected by the skepticism of a skeptical age. They do not believe except they see. They think that nothing can be which is not comprehensible by their little minds. All minds, Virginia, whether they be men's or children's, are little. In this great universe of ours man is a mere insect, an ant, in his intellect, as compared with the boundless world about him, as measured by the intelligence capable of grasping the whole truth and knowledge."

"Yes, Virginia, there is a Santa Claus. He exists as certainly as love and generosity and devotion exist, and you know that they abound and give to your life its highest beauty and joy. Alas! How dreary would be the world if there were no Santa Claus! It would be as dreary as if there were no Virginias. There would be no childlike faith then, no poetry, no romance, to make tolerable this existence. We should have no enjoyment except in sense and sight. The eternal light with which childhood fills the world would be extinguished."

"Not believe in Santa Claus! You might as well not believe in fairies! You might get your papa to hire men to watch in all the chimneys or Christmas eve to catch Santa Claus, but even if they did not see Santa Claus coming down, what would they prove? Nobody sees Santa Claus; but that is no sign that there is no Santa Claus. The most real things in the world are those that neither children nor men can see. Did you ever see fairies dancing on the lawn? Of course not, but that's no proof that they are not there. Nobody can conceive or imagine all the wonders that are unseen and unseeable in the world."

"You may tear apart the baby's rattle and see what makes the noise inside, but there is a veil covering the unseen world which not the strongest man, nor even the united strength of all the strongest men that ever lived, could tear apart. Only faith, fancy, poetry, love, romance, can push aside that curtain and view the picture the supernatural beauty and glory beyond. Is it all real? Ah, Virginia, in all this world there is nothing else real and abiding."

"No Santa Claus! Thank God, he lives and he lives forever. A thousand years from now, Virginia, nay 10 times 10,000 years from now, he will continue to make glad the heart of childhood."

CLEVELAND POURS OUT \$4,000,000 FOR XMAS

This Figure Exceeds by About Half Million Last Year's Outlay For Entertainment

TOYS MADE IN U. S. OR JAPAN

(By United Press.)

Cleveland, O., Dec. 24.—Undaunted by sky-high prices, Cleveland poured out a shower of gold estimated at \$4,000,000 for its Christmas tree and the trimmings, this year.

That figure, estimated by various store managers, exceeds by about a half million dollars last year's outlay for the entertainment of the white-whiskered, gift-bearing guest. And these same store managers reluctantly added that the extra half million does not mean a heavier bag of presents, but represents instead, an offering at the altar of higher prices.

Reflections of the world war were found to a greater degree than ever in Johnny's playhouse. Mother and father, sister and brother loaded up on cannon, airplanes, tanks, battleships, rifles, automatics, lead soldiers and battlefields. Little Mary had her dolls and the usual layout of dishes toy houses, etc., but one thing at least she had in common with Johnny.

Not one toy bore the familiar line "Made in Germany."

Toy dealers said that all their wares were made either in the United States or Japan. And the givers they said, examined each toy carefully for its trade mark.

He's been forced to move three times in a year, each time the house being sold over his head. His neighbor, Franklin, still remained, nor was he asked for increased rent. Reviled by irritated wife, whooped at by his children, the desperate homeless husband trailed the river brink. It looked inviting; very! "I might as well finish it!" Just then he heard a splash and saw a man whirl into the river and recognized the despairing face of his envied neighbor, Franklin. With a yell of delight the homeless man rushed to Franklin's aid and howled:

"Gumme it! I want that house where Franklin lived—he's dead!"

"Too late!" said the landlord calmly. "I just rented it to the man who tossed him overboard."

ALUMNI TAKE H.S. TEAM INTO CAMP

Former High School Basketball Players Defeat This Year's Quintet, 40 to 19

ALL DISPLAY GOOD FORM

Gain Comfortable Lead at Very Start of The Game and Retain it All the Way Through

It took the old time basketball stars of the Rushville high school to show up the team representing the high school this season, and the alumni had easy picking winning the game by the score of 40 to 19.

Although the alumni had not played together as a team for many years, they showed up remarkably well, and played fast basketball, the high school being unable to head off the passes of Martin and Keating, who lead their team on floor work and fast playing.

The high school team really did-

not expect much difficulty in the game, and it was the same overconfidence that lost the game with Morristown. Just as soon as the team can realize that it is points that win regardless of who they are playing, the quicker they will be in a position to end the game with the big end of the score in their favor.

Martin and Keating, of last year's team have been playing together on the local independent team, and showed good form. Caron and Tompkins, also former high school players, were on hand and each made several field goals.

From the very start the alumni team took the lead, and walked away with the game, and at the end of the first half, the score was 15 to 7. The fans for a time thought that the high school team was going to allow the former stars a lead, and then cover up on them and ran away with the game.

In the second half it was clearly seen that the former stars had the best of it; and while the high school no doubt did "lay down" they were unable to show their usual pep which is important in winning a game.

Frazee, back guard of the high

school, is the only one on the team that deserves mention. In all games played here he has been consistent, and played the best basketball that was in him. Many times last night he was urging the team on and played in sincere earnest. Early in the game he also landed a field goal from deep back center, which in ordinary games would have run the pep of a team up to 100 degrees.

Brown, at guard for the alumni team played a fast game and ended two field goals in the last half that were indeed of the sensational order.

The score and summary:
Alumni (40) R. H. S. (19)
Caron F. Miller
Tompkins F. L. Headlee
Martin C. E. Headlee
Keating G. Ekins
Brown G. Frazee

Field goals: Caron 2, Tompkins 5, Martin 6, Keating 4, Brown 2, Miller 2, L. Headlee 2, E. Headlee 4, Frazee. Foul goals Ekins Keating 2.

George Miller, an aged resident of Richland township, is reported to be seriously ill.

INDULGE IN ORGY OF XMAS SHOPPING

London is Trying to Make up For Four Years of Depression And of "Spug" Remembrances

BUY NON-ESSENTIAL GIFTS

Buying Baccilli Have Infected all England and Mail Orders Have Caused Comment

(By United Press.)

London, (By Mail)—London, spending its first real peace Christmas, is trying to make up for four years of depression and of "Spug" remembrances.

Faced by a fuel shortage, with hundreds of thousands out of employment and with the problem of the "new poor" crying for solution, London has indulged this year in an orgy of Christmas shopping that has the shopkeepers gasping.

There has never been such a Christmas, according to the proprietors and managers of the larger stores. Apparently there is no limit to the buying capacity of the thousands who are crowding all sorts of shops.

Though there is the usual Christmas shopping, the thing that has caused most comment is the purchase of non-essential gifts—jewelry and expensive apparel.

In one exclusive shop, it was the custom in pre-war days to carry in stock perhaps a hundred patterns of wristbags. Today the store carries from 500 to 600 styles and has no difficulty in finding buyers. Prices range up to £50—and there is demand for tortoise-shell hair sets at £100. Dressing or vanity bags range up to £240.

One indication that Londoners have forgot the war is the widespread sale of the writing pads brought out during the recent unpleasantness or trench correspondence. The pads are the same with touches of superlative leather added—and they sell for £2.

Extravagant buying has spread to all classes. While part of London is being extravagant by buying writing pads at £2, the exclusive part is buying for Christmas presents fur coats at from £200 to £400 and ultra-luxurious motorcars at £3,000 and £4,000. Pianos are popular with all classes.

Not London alone is affected by the Christmas shopping. The buying pads at £2, the exclusive part is England, and mail orders also have caused comment. They include all sorts of orders among which are demands for fine cloths at £3 and £4 a yard.

Christmas shopping began early in November, and soon reached such proportions that shopkeepers all over the city were discussing it with wonder. Some of their comments were:

"Most wonderful month in the firm's history."
"There is no limit to the amount customers will spend."
"Our returns have more than doubled since last month."

In attempting to account for the unprecedented shopping fever, storekeepers have attributed it to everything from postwar extravagance to the increased number of overseas friendships.

Stop this!

ASK any doughboy who was "over there" and he will tell you that American railroads are the best in the world.

He saw the foreign roads—in England and France, the best in Europe—and in other Continental countries—and he knows.

The part railroads have played in the development of the United States is beyond measure.

American railroads have achieved high standards of public service by far-sighted and courageous investment of capital, and by the constant striving of managers and men for rewards for work well done.

We have the best railroads in the world—we must continue to have the best.

But they must grow.

To the \$20,000,000,000 now invested in our railroads, there will have to be added in the next few years, to keep pace with the nation's business, billions more for additional tracks, stations and terminals, cars and engines, electric power houses and trains, automatic signals, safety devices, the elimination of grade crossings—and for reconstruction and engineering economies that will reduce the cost of transportation.

To attract to the railroads in the future the investment funds of many thrifty citizens—the directing genius of the most capable builders and managers, and the skill and loyalty of the best workmen—in competition with other industries bidding for capital, managers and men—the railroad industry must hold out fair rewards to capital, to managers and to the men.

American railroads will continue to set world standards and adequately serve the Nation's needs if they continue to be built and operated on the American principle of rewards for work well done.

This advertisement is published by the Association of Railway Executives

Those desiring information concerning the railroad situation may obtain literature by writing to The Association of Railway Executives, 61 Broadway, New York.

The railroads of the United States are more than one third, nearly one half, of all the railroads of the world. They carry a yearly traffic so much greater than that of any other country that there is really no basis for comparison. Indeed, the traffic of any two nations may be combined and still it does not approach the commerce of America borne upon American railroads.

(By United Press.)

Los Angeles, Calif., Dec. 24.—Reading of depositions was resumed by the defense at the opening of today's session of the trial of Harry New for murder.

New came to court this morning even more stolid and appeared more indifferent than all past days. He nodded to his mother and half sister as he came into court, but did not smile. As he dropped into a chair, he settled his gaze on a sign "No smoking," which hangs back of the desk in front of him, and the gaze appeared fixed for days.

Just before court opened court room gossip was enlivened when it was announced that Mrs. Berger, New's mother, was anxious to file perjury charges against witnesses who have testified in the case. Much conflicting testimony was given.

GREATEST HOLIDAY WILL BE OBSERVED

observance at the postoffice or with the express companies. The rural carriers will make their usual trips and the postoffice employees will work all day to clear up the immense amount of mail that always comes on Christmas morning. The postoffice will close at ten o'clock.

The Daily Republican will not be printed tomorrow. The force is to have a holiday to eat turkey or rump roast as the case may be. The lunch will be back on the job Friday if possible. By special arrangement with the powers that be, no news will happen tomorrow and you will miss nothing by not getting a paper for the one occasion.

Foley's Honey and Tar COMPOUND

CLEARs THE THROAT of phlegm and mucus, stops that tickling, opens the air passages for easier breathing and coats the raw, inflamed surfaces with a healing, soothing medicine.

Grateful Father Tells What It Did

W. E. Curry, 130 Up 6th St., Evansville, Ind., writes: "I have a little girl 6 years who has a good deal of trouble with croup. I have used Foley's Honey and Tar Compound, giving it to her according to directions, and obtaining instant relief for her. My wife and I use it whenever bothered with a bad cold or cough, and I will say that it is the best remedy for a bad cold, cough, throat trouble or croup that I ever saw."

Parents who use Foley's Honey and Tar know it is safe and no harm will come even if an overdose should be given by accident. It tastes good and children like it. It won't upset the delicate stomachs of young children, delicate persons or elderly people.

URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading Druggist of Covington, Ky. Who Has Made Special Study of Catarrh.

Says: Inflamed Nostrils Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nose, trachea and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arcline mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished. It's really no joke for people who don't know about this simple recipe to be constantly sniffing and sneezing, blowing and hawking, when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arcline—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up and be clean and healthy.

Un-retouched photograph showing Goodyear Cord Tires still in service, after nearly a year's hauling for The Wadley Company, Indianapolis

Pneumatics Protect Produce For This Indianapolis Firm

"Pneumatics offer all-round advantages over solid tires in our hauling—save trucks and loads, and improve working spirit of drivers. They require 1 1/4 less gallons of gasoline on a 90-mile run. Solid-tired trucks sway over the road, but trucks on pneumatics run straight. Goodyear Cords are giving excellent service."—P. P. Triller, Purchasing Agent, The Wadley Company, Produce Wholesalers, Indianapolis.

TWENTY-FIVE motor trucks distribute poultry, eggs and butter for the Wadley Company south from Indianapolis. During the past year Goodyear Cord Tires for trucks have demonstrated their ability to reduce time and costs in comparison with solid tires in this service.

A 90-mile round-trip to Columbus has been made repeatedly on the pneumatics in 3 less hours with 1 1/4 less gallons of gasoline than when covered by a solid-tired truck.

Due to the jarring and shifting action of trucks on solid tires, delicate produce has been damaged frequently, whereas the pneumatics prevent such loss.

Mud has stalled the solid-tired trucks, but the tractive Goodyear Cords have proved dependable under all adverse road conditions.

An official describes the present mechanical condition of a Goodyear-Cord-equipped truck as being far better than could be expected on solid tires after a similar term of hard work.

The photograph above affords additional and important evidence by showing Goodyear Cord Tires still on duty after nearly a year of continuous hauling.

Confer with us today to determine whether you, too, can haul to better advantage on Goodyear Cord Tires.

Amusements

Elsie Ferguson at Princess.

Another of those beautiful capable heroines which Elsie Ferguson portrays so well on the screen is the central figure in the star's new picture, "Counterfeit," which will be on view at the Princess theater tomorrow and Friday. The story is said to be novel and exciting, presenting Miss Ferguson as a Southern girl who to replenish her family's falling fortunes secures a position in the Secret Service and rounds up a

gang of counterfeiters after a series of exciting adventures. The scenes are laid in the sunny South, in ultra-fashionable Newport, and on board a yacht in the harbor of the famous resort.

Supporting Miss Ferguson in the chief male role is David Powell, a well-known leading man and the rest of the cast includes Helene Montrose, Charles Gerard and Charles Kent. The scenario was made by Ouida Bergere from an original story by Robert Baker. George Fitzmaurice was the director. It is a Paramount Artercraft picture.

Ben Turpin, Charles Murray, Marie Provost and Ford Sterling will also be seen in a typical Mack Sennett comedy, "Salome vs. Shenandoah."

"Too Many Crooks" at Mystic

Action and "atmosphere" are the keynote of "Too Many Crooks," the Gadsby-Leslie Picture which will be shown at the Mystic theatre today. The action is furnished by a half dozen crooks turned loose in an aristocratic suburb as house party guests of a society girl. The atmosphere is what she sought for a

crook play she was writing and is what she gets with a vengeance.

Miss Leslie has the role of Boston Fannis, confidence queen and lady rump and she never has been seen to better advantage than in this amazing comedy drama written by E. J. Rath and published in All-Story Weekly. She and her pals not only "clean up" the suburbs but she starts all sorts of trouble by attempting to steal the affections of staid citizens who mistake her for the college chum of the society girl.

There will also be forty-five minutes of vaudeville in connection with tonight's program.

A big array of pictures, together with vaudeville is offered for Christmas day. Pete Morrison will be seen in "To the Tune of Bullets" and there will be a Lyons and Moran comedy, "Tick Tick Man," Finley nature pictures, depicting a big game hunt, and an International news reel will also be shown.

London.—The horrors of peace have fallen on the British navy. An admiralty order states that "soft collars may no longer be worn by officers in uniform."
